THIRTY-NINTH YEAR, No. 21

### SECOND ANNUAL TENNIS TOURNAMENT TO TAKE PLACE JUNE 28-JULY 6

Sixteen Cups to Be Awarded In Classic to Be Held At Inn-By-The-Sea, on Bay of St. Louis—Horace Leche, Bay St. Louis, Manager.

The many players in Bay St. Louis and vicinity will undoubtedly be glad to hear that the date has been set for the second annual Inn-by-the-Sea Tennis Tournament, which is to take place starting Saturday June 28th, and to end Sunday July 6.

As in the case of last year, sixteen cups will be awarded to the winners and runners-up in the following events: Mens singles and doubles, Ladies singles and doubles, and mixed doubles.

Play is to be so arranged that participants may confine their matches to week end play and the Fourth of July which intervenes.

Unquestionably the tournament of last year stimulated considerable increase in tennis among the Bay players. The following are some of the many players that are to be seen constantly playing on the Inn court: Dr. Ramsey, Mr. Evans, Dick Erwin, Graham Jordy, Johnny McDonald, Junior Breach, Jim Langston, Owen Crawford, Otto Briede, Jas. Geary, Cyril Clavierie, Chas. Jinks, Bill Wells, Bill Hays, G. Maurigi, Misses Crawford, Stella Gex, Virginia Chapman, Elsa May Smith, Mary Bourgeois, Lydia Boyd Blount, Ethel de Armas, and others.

It is expected that the tournament this year will further enthrall the local players and by the time they get the local court, that the city has promised them, the number of tennis enthusiasts will be large.

Entries may be sent to the Inn-by-the-Sea, or to Horace Leche, P. O. Box 123, Bay St. Louis, Miss., who is in charge of the tournament.

#### To Address DeLisle Class Tuesday Night

Brother Peter, president of St. Stanislaus College, will be the speaker to the graduation class at DeLisle grammar school Thursday night. There are ten students who will receive certificates from the eighth grade.

### 'SHORT LINE' BILL IS SIGNED BY GOVERNOR TO SURFACE SHORT ROUTE

Chamber of Commerce Is Notified That Russell Bill Authorizing Hard Surfacing of Road That Will Eliminate 22 Miles Has Been Signed.

House Bill No. 874 signed by the governor May 19, is the text of a telegram received May 21 by Geo. R. Rea, president of the Bay St. Louis Chamber of Commerce. This house bill is that presented by Representative Bryan Russell to the house and passed favorably by the Senate, authorizing the hard surfacing of the "short line" highway between New Orleans and the Mississippi Coast.

The measure, it is explained, authorizes the state highway department to pave the road from Pearlington to the Louisiana Line, a distance of 11 miles, which connects directly with the Chef Menteur-Rigolets free bridges.

Louisiana highway department has given assurance that the road will be paved from New Orleans to the state line. The "short route" will cut off 22 miles and the Watson-Williams toll bridge between the city and the Coast, thus making the distance about 60 miles in contradistinction to the present 82.

The local Chamber of Commerce has taken an active part in securing favorable action regarding this "short line" and rejoices to see the governor sign the bill.

#### ST. MARGARET'S DAUGHTERS

The local organization of St. Margaret's Daughters was represented in New Orleans Sunday at the annual convention by two delegates, Mrs. John Green and Mrs. E. J. Lacoste who report interesting meetings showing all phases of St. Margaret's Daughters work.

This organization is most anxious to assist those out of employment in securing adequate work and in such an endeavor is asking the cooperation of the people of the Bay. Those people who wish someone to do work of any type is asked to register with either Mrs. Claude Monti or Mrs. G. Y. Blaize and those who desire work are asked to communicate with either of these ladies and thus many positions may be filled. It is planned to operate this employment bureau free of charge and with an endeavor to be of much assistance.

#### BIBLE CLASS 15<sup>TH</sup> GUEST AT LOGTOWN

Alexander Allison Addressed Joint Classes—Entertained at Dinner.

The member of the Bible Class of the First Methodist church of Bay St. Louis were guests Sunday morning for the class hour of the Bible class of the Methodist church at Logtown. Sixteen adults and three children motored from the Bay to Logtown for the visit.

Alexander Allison, teacher of the Bay St. Louis class, addressed the joint classes, presenting a fine exposition of the lesson. He also told a story to the children of the Logtown Sunday school, of which Dave Weston is superintendent.

Dr. Harper of New Orleans, the Advocate, who was passing through Logtown was invited to deliver the sermon at the morning preaching service; Rev. Moore, pastor, presiding at the service.

The Logtown people entertained the visiting Bay St. Louis class at a delectable chicken dinner served at the Masonic Temple.

### ASSESSOR LOSES AGED MOTHER

Mrs. Josephine Leona Smith Whitfield Passes Away in Her 83rd Year.

After many months and years of suffering Mrs. Josephine Lenora Smith, widow of the late John F. Whitfield, passed away at her home in Nicholson last Monday evening, and her burial took place the following afternoon at Turtle Skin church cemetery.

Mrs. Whitfield was in the 83rd year of a life which had been spent in efforts to aid, assist and comfort neighbors and friends in time of sickness and sorrow. Her willingness and readiness to answer any and all calls made upon her, gained for her the love and affection of every one who knew her, and during the long period of her illness not a day passed that her bedside was not surrounded by friends and relatives eager to do all in their power to alleviate the pain she suffered and to minister to her in every way to make her last days on earth days of comfort and peace.

The deceased leaves six living sons: E. Van, Arthur, T. D., Barney, Raunce and Luther Whitfield and one daughter, Mrs. John Blackwell, all of whom are worthy sons of most worthy parents. The six sons acted as her pallbearers, just as they acted some eighteen months since when they bore their father's casket to the same little rural cemetery.

There was an immense outpouring of relatives, friends and casual acquaintances in attendance at the funeral of this venerable and greatly beloved woman and the many floral designs which covered the new-made grave is mute evidence of the respect and esteem with which she was regarded in the community in which she spent her entire life.

The Echo extends condolence and sympathy to the sons, daughter and to all who mourn the death of this devoted mother, loyal friend and Christian woman who has gone to her heavenly reward—a reward justly earned by her spirit of self-sacrifice and unselfish desire to do all the good possible in the more than three score years and ten she spent on this earth.

### HUNDREDS DONATE TO HOSPITAL

Shower Wednesday Proves Veritable Store House of Good Things For Sick

More than 400 articles were donated to the King's Daughters Emergency Hospital Wednesday afternoon at the miscellaneous shower which was attended by over 150 people and others who could not be present sent gifts. The shower was sponsored by Mrs. D. H. Ward, Mrs. C. E. Craft, and Miss Mathilde Ladner and they were assisted by Misses Mathilde Ladner and Ethel Strahan. These ladies are high in praise of the wonderful response to their invitations to the public to participate in the shower and express their deep appreciation of the gifts presented. Friends from every section of the Bay-Waveland district responded to the appeal and gave useful articles to the hospital.

For the afternoon the hospital had been placed in pleasing hostess form and was ready for inspection by the visitors. Lovely flowers including gladioli, mimosa, nasturtiums, oleanders and others being used in the several rooms. The reception room was decorated in the King's Daughters colors of white and purple. Many of the King's Daughters who were most happy over the public interest in the hospital and who appreciated the gifts made, spent the afternoon at the hospital aiding the hostesses in receiving the guests.

Refreshments of fruit punch and wafers were served, the wafers being a gift from Miss Delia McConnell, a patient for several weeks at the hospital, and the ingredients from which the punch was made being donated by the stores of Bay St. Louis.

The gifts were of every description ranging from all kinds of linens to scrub mops, brooms, soap, kitchen utensils, chairs, settees, pillows, article for the table, \$10 in cash, pot plants, etc.

So pleased was everyone with the shower that it is hoped to have it an annual affair.

Among those who sent flowers to decorate for the shower were: Alcide Ladner, Mrs. Geo. R. Rea, Miss Ruth Schreck, Mrs. H. L. Witter and Miss Rosa Moon.

The gifts continued to pour into the hospital even after the shower closed Wednesday night and yet others arrived Thursday.

#### PRESENT SILVER BASKETBALLS TO BAY HIGH GIRLS

Girls Who Played in Majority of Games Are Awarded Trophies.

Silver basketballs were presented to nine members of the Bay High school girls' basketball team in a chapel program before the school Tuesday morning. The girls were given in recognition of the services of those girls who played in a majority of the games during the past season. After a brief talk, Miss Lois Quin, girls' coach, awarded the trophies.

Those receiving basketballs were: Miriam Summersgill, Frances King, Hertha Garcia, Lisa Erwin, Hona Ansley, Edith Ladner, Mary E. Marshall, Val Mae Manieri, and Victorine Ziegler.

#### OPENING INN

Announcement is made this week of the opening Saturday of Paradise Inn on the beach, one block from Dunbar ave., at Paradise Point. Mrs. Leon Chauvet will operate the inn which will be open for serving from 9 a. m. to 2 a. m.

#### BAY BEES ASK ASSISTANCE IN SECURING BASEBALL UNIFORMS

Any Who Will Donate Toward Purchase of New Suits are Urged to

The Bay St. Louis Bees, members of the Mississippi Coast Amateur League of baseball players, are engaged in securing funds for the purchase of new uniforms for the opening of the second half of the season, June 8. It is stated that the uniforms now in use by the team are completely worn out and the players do not enjoy the appearance they make in their "ragged" uniforms when playing other league teams better equipped.

In that the local boys do not have adequate funds to purchase their suits they are asking the local fans to support them in this as in all other matters connected with the league and to assist with the new uniforms by making donations toward their purchase.

Anyone who will make a donation toward the new uniforms is asked to mail the money to Louis Beer, 232 Sycamore street, or at the Sea Coast Echo office.

### PROGRAM BAY HIGH CLOSING

Baccalaureate is Sunday—Play Thursday and Graduation Friday Night

Bay St. Louis High school will close with the graduation exercises Friday night, May 30, 8:15 o'clock at the Central High school auditorium. The program has been arranged for the commencement. Opening with the processionals, the 22 students to receive diplomas will form on the stage. Rev. C. C. Clark, pastor of the First Methodist church, will give the invocation. Wm. Dalton Hays, Jr., class salutatorian, will speak, welcoming the friends on behalf of the class. A musical number will be given and be followed by the valedictorian address by Mary Elba Marshall, giving the farewell for the class. The senior chorus will sing.

Jos. E. Gibson, superintendent of McComb City schools, will deliver the commencement address. Supt. S. J. Ingram of the Bay High school, will award the 22 diplomas. Two cups are to be given, one for the best all-around student and one for the best athlete, boy or girl, to be chosen by student vote. The medal from the Interstate Bank and Trust Company of New Orleans on the subject of development of trade on the Mississippi River, will be awarded. Medals for English and Mathematics in high school, a number of attendance medals and the Times-Picayune medals for athletics, will also be awarded.

The first of the commencement events will be the baccalaureate sermon Sunday morning, May 25, 11 o'clock, at the school auditorium. Rev. W. S. Allen, pastor of the Baptist churches of Bay St. Louis and Pass Christian, will present the sermon. The music will be arranged by the Parent-Teacher Association of which Mrs. Jas. A. Evans is president. The seniors will wear their high school gray caps and gowns for the baccalaureate sermon and also for graduation. This is the second year the local high school has used the national uniform for commencement.

The senior class play, Alabama Bound, will be given Thursday night, May 29, 8 o'clock at the high school auditorium. Miss Bessie Givens is coaching the play.

The Junior-Senior entertainment took place Saturday, May 10, with Miss Rebecca Nelson in charge of the arrangements, this proving one of the happy events for the seniors and their neighboring class friends, the juniors, the juniors serving as hosts for the occasion.

#### STANDARD OPENS NEW OIL STATION

The recent completed filling station at the corner of South Beach Boulevard and Washington street which is owned by the Standard Oil Company will be officially opened Thursday of this week. Pedro Monti who has been manager of the Standard station on Ullman avenue is manager of the new station and his assistant will be Douglas Bourgeois. August Tacconi will succeed Mr. Monti as manager at the Ullman avenue station.

The new station is one of the attractive new additions to the business stands of the Bay.

#### ATTEND CONVENTION

Among those from Bay St. Louis attending the sessions of the International Catholic Alumnae convention, held in Biloxi last week as delegates from St. Joseph's Academy Alumnae were, Mrs. Claude Monti, Mrs. G. Y. Blaize and Miss Elsa Mauffrey. They report a pleasant session with most interesting addresses and pleasant social features.

### EXHAUSTIVE SOIL SURVEY OF HANCOCK COUNTY BY GOVERNMENT FINISHED

Bureau of Chemistry and Soils at Washington Will Publish Map and Report—To Be Available Within Year From Washington or Direct From Congressman.

### BAY LEGION BOYS WILL OBSERVE

Memorial Day, Next Friday, With Appropriate Program at Local Theater

Members of Clement R. Bontemps Camp, American Legion, will observe National Memorial Day in Bay St. Louis and Hancock county, paying tribute to the memory of the departed ones of their rank. The date is Friday of next week, Friday, May 30. There will be a parade of the local legionnaires, in which members of the Gulfport Drum and Bugle Corps, Joseph Graham Post, will participate. A visit will be made to the graves of fallen comrades in both cemeteries. Tribute will be paid by placing an American flag and sounding taps at each grave.

Following this, at 3 o'clock, there will be memorial services at the A. & G. Theater, to which the public is invited through this medium. There will be local speaking, in addition to the principal address of the day, and a sacred and patriotic musical program will be rendered.

Included in the activities of the Bay St. Louis Post, it is interesting to learn application has been made for a national charter for the organization of a local boy scout organization. This is fine work and sponsored by the Legion bespeaks success. Every town of any importance and worth has its Boys' Scout and Bay St. Louis will not be the exception.

Mayor Traub has officially declared next Friday from 1 to 5 o'clock a half holiday. A proclamation to that effect appears elsewhere in this issue of The Echo.

A soil survey in Hancock county has been completed this spring. The field work which was started over two years ago has been under the direction of the Bureau of Chemistry and Soils of the United States Department of Agriculture in cooperation with the Mississippi Geological Survey. E. B. Deeter, J. T. Miller, S. R. Bacon and C. Lounsbury of the Federal Bureau have conducted the field investigations.

All the important soils of the county have been identified and classified and plotted on a traverse base map which was constructed as the work progressed. Aside from showing the location and extent of the various soils the map shows all roads, section lines, streams, railroads, towns and houses and other feature. In connection with the map a descriptive report is being prepared which will include a general description of the county, its climate and statistics of the present state of its agriculture, and as the main part of the report will discuss the various soil conditions and their relation to their crop values. Some of the soils have some promise as farming lands while others have little value except for grazing and for timber growing.

The report on the survey is designed to serve as an inventory of the soil resources of the county which should serve as a useful guide to prospective settlers. It also provides a basis for experimental work in improving the agricultural interests of the county, for land appraisals, and other investigations that could be mentioned. It will be at least a year before the report and map will be published and when ready copies may be obtained free of charge from the Bureau of Chemistry and Soils, at Washington, or from the Congressman representing this district.

### SCHUBERT PROGRAM TUESDAY

Beautiful Concert Given By Music Club at Hotel Weston—Guest Pianist.

Schubert Music Club of Bay St. Louis appeared in concert recital Tuesday night entertaining a large number of friends at the Hotel Weston Hotel dining room which for the evening was converted into an attractive concert hall. The stage in which the club members were seated for the concert was formed with a background of pine before which were arranged baskets of Easter lilies, gladioli, oleanders, mimosa with vines intertwining effectively. No prettier setting for the beautifully gowned singers could have been found than that achieved with native plants and flowers. Evening gowns of pastel shades were worn by the women and the reflection of the gowns could be found in the flowers selected for the improvised stage adornment.

The Schubert Club has often delighted its friends with beautiful programs but none has been more charmingly arranged or more happily rendered than that Tuesday night.

The club was honored by having as guest concertist, Mrs. Prather McDonald of Nyack-on-Hudson who is spending some time on the Coast and who is a distinguished pianist. Her playing Tuesday night was brilliant, the execution perfect, the technique faultless, the phrasing lovely and the ensemble numbers joy producing. She graciously prefaced her own two compositions with a brief story of how they happened to be written and their interpretation.

A second guest for the evening was (Continued on page six)

The Bay Rotary Club at the usual luncheon meeting Wednesday noon at the Hotel Weston was privileged to hear an excellent address by one of its members, Henry Osoinach, proprietor of the Bay Mercantile Company, who discussed Boys' Work, stressing the value of boys' dealing with boys, urging that boys be told the truth for the best results as impressions made on youthful minds are most enduring. He showed that the men who sponsor boys' work receive greater benefit from it than the boys themselves as the return comes not only in the satisfaction of work well done but in the consciousness that foundation for good lives has been laid. He closed his address with a pertinent quotation from Lincoln: "Die when I may, I want it said by those who knew me best, that I always plucked a thistle and planted a flower where I thought a flower would grow."

Chas. G. Moreau, member of the board of directors of the club, at the request of the president, C. C. McDonald, presided at the meeting Wednesday.

The club elected Brother Peter, president elect, delegate to the convention of Rotary International which will be held in Chicago, June 23, and choose Mr. Moreau alternate delegate.

Mr. Moreau read to the club the telegram from the governor's office stating that Governor Bilbo had signed the short route bill to New Orleans.

A guest at the meeting Wednesday was William Moore, who was contractor for the Bay St. Louis traffic bridge and who was en route to Biloxi.

The many who heard Mrs. E. J. Leonard give her talk Saturday over radio station WGCM on Easter lilies were delighted not only with the excellent paper presented by Mrs. Leonard but by the clearness and exactitude with which her voice registered over the microphone. Her paper on the growth of Easter lilies will appear in the next issue of The Echo.

### \$250,000 FOR \$10,000

It cost Mrs. McCormick something like a quarter of a million dollars to get the Republican senatorial nomination in Illinois, and there is yet a bunch of money she must spend to defeat her Democratic opponent. The salary of a senator is \$10,000 per year.

### KNOW YOUR CANDIDATE.

It behooves every voter to exercise due diligence in the selection of the candidate for whom he casts his ballot in the ensuing election for highway commissioner. Study each candidate's qualifications for the job, and assure yourself of his honesty, business ability and fitness in every respect to handle the vast sum of the taxpayers' money in carrying out the program which is to provide Mississippi with a great system of paved highways.

### ROSS A. COLLINS.

The Jackson Daily News has a pointed way of expressing an opinion of men and measures. Referring to Hon. Ross A. Collins, who has represented the fifth district in congress for a number of years, the News recently said: "The voters of that district are tired of being misrepresented in Congress by a man who was disloyal to the Democratic party two years ago, and who is unquestionably the most useless and commonplace member of the Mississippi delegation, despite his long tenure in that body."

### WILSON SPEAKS ON LAMAR

The address of Edgar S. Wilson, delivered over the Jackson broad-casting station some time ago, on L. Q. C. Lamar has been incorporated at the instance of Senator Stephens, in the Congressional Record. This address has also been incorporated in the journals of the Mississippi House and Senate and is registered as a masterpiece. Mr. Wilson was a close friend and advisor of Mr. Lamar and Gov. John Marshall Stone, and he will deliver an address on the latter over the Jackson station at 1 p. m. May 26th.

### BILBO HOLDING OUT.

If Governor Bilbo fails to make about one hundred appointments—which he should have made some time since—before Lester Franklin's trial is concluded, he will make the biggest mistake in his whole public career. In the event Franklin goes scot free the finger of suspicion will point to those senators to whom he is indebted for his acquittal. Take our advice, Theodore, and name the men who are to be appointed.

A dispute over a "crap" game lead to the killing of Leno Cuevas in Harrison county last Friday night, and his uncle Henry Cuevas is in jail, having been denied bail.

There is a woman down in Mexico who is the mother of thirty-seven children. It is a pity Teddy Roosevelt is dead, for we know he would write her a letter of congratulation.

It is estimated that the recent rains throughout all sections of Mississippi was worth many million dollars to truck growers and others engaged in agricultural pursuits, as all crops were suffering greatly from the effects of the continued droughts.

The great German dirigible, the "Graf Zeppelin," is now making a flight to South America, with Rio Janiero, Brazil, planned as its first stop, from thence it will fly northward and ultimately reaching New York, if nothing unforeseen happens to "the big bird of the air."

Prof. Roland M. Harper of the University of Georgia said the other day that "Coffee, tobacco and automobiles are to blame for the crime in this country." The learned professor could just as well ascribed its cause to catnip tea, chewing gum and the ox-wagon and been as near right in his reasoning.

The present session of the legislature will shortly go down in history "unwet, unhonored and unsung." The number of political graves its membership has dug includes those for nearly every solon who had any part in the disgraceful proceedings which have taken place in both the senate and the house. May the State never see another such session.

Major Pat Henry, statesman and soldier, died at his home in Brandon last Sunday morning, aged 84 years. He was one of that gallant band of Democrats who were most active in ousting Republican carpetbaggers and scoundrels from power in the memorable campaign of 1876, and his noble and self-sacrificing career will ever be remembered by all grateful Mississippians. Peace to his ashes.

C. V. Sullivan, junior student at A. & M. College, was the victim of an accident when his automobile struck an undermined bridge near Macomb last Sunday. The bridge spanned a small creek swollen by recent rains and it gave way as his car crossed across. Three young companions, who were riding with him, escaped unhurt, but the car was badly damaged and the driver was injured.

## PLEA TO VOTERS.

From every section comes reports that the men and women who compose the patriotic electorate of the State are determined to exercise the greatest care in selecting all office holders to whom governmental affairs will be entrusted henceforth. At no time have they ever before evinced more interest in the matter of choosing the very best officials—men of irreproachable character, experience and fitness in every respect to discharge the duties of the positions to which they are elected.

It will be fourteen months hence when the sovereign voters of Mississippi are to march to the polls and cast their ballots, and upon their choice of candidates rests the future welfare of their beloved commonwealth. They realize this fact, and also the fact that no mistake must be made in their choice of the men who are to serve in each and every office from that of governor down to constable.

Our great State has suffered lasting and almost irreparable injury—to say nothing of humiliation and shame—during recent years by reason of elevation to places of honor and trust men who proved traitors to the State. Mal-administration and graft have been the order of the day, and the recent exposure of corruption in high places have awakened the masses to the necessity of ending for all time the election of officials who would dare prove recreant to the trust reposed in them.

The Vicksburg Post-Herald in the course of an able editorial along this line says:

"When the majority—if the voters of Mississippi become definitely converted to sound principles of government and forget partisan politics and determine to put big men in office to carry out their wishes, the people will hear no more of wholesale corruption, investigating committees and impeachments. We are the disgruntled victims of a mal-administration of our own creation. The sooner we quit tearing our hair, 'cussing' the legislature and the governor and turn to the task of removing the fundamental cause of misgovernment, the quicker Mississippi will get her feet back on the path of sanity, peace and progress."

### "SELLING HOOVER"

"President Hoover has a summer selling job. He is going to swing around the circle to 'sell' his administration," to quote an excerpt from one of our exchanges. Little good will come of it, for as old Abe Lincoln once remarked, it is possible "to fool all the people some time, some of the people all the time, but you can't fool all the people all the time." Two years have elapsed since Mr. Hoover entered the White House, and if he can point to a single worth while accomplishment of his administration The Echo cannot recall what it is. On the other hand, he had an opportunity such as no other president ever had to make a record that would have gone down in history as one of great and lasting benefit to his country.

Not one single pledge he made to the people during the campaign of 1928 has been redeemed, and yet with a house and senate majority of his own party no promise he made has been kept. Indeed, we think he has cut out for himself a gigantic task when he starts on his "swing around the circle" and attempts to "sell" his administration to the people. They are not in a humor to swallow the bait he will dangle before their eyes. Having endured the ills and suffering resulting from a financial depression such as they never before experienced, they will not be backward in letting him know that the blame for existing conditions rests on his shoulders. They believe, and rightly so, that he is the tool of the money power, and so long as either he or any other Republican chief executive occupies the presidential chair they cannot hope for that relief which they have the right to look for from their national government.

### ALONZO B. HAYDEN

No death has caused more genuine sorrow to the individual and general regret than that of Alonzo B. Hayden, citizen of the Mississippi Gulf Coast, who died at Los Angeles, California, to which place he had been taken a few days previously from his home at Pass Christian in hope of affecting a cure for an incurable malady. Rev. Father Wm. J. Leech, pastor of the Catholic church, paid glowing tribute to the memory of the deceased during the funeral ceremony at the church. He said not only Pass Christian but the surrounding territory had sustained a loss well nigh irreparable, for here was one who had been known for his splendid citizenship, his exemplary private life which was filled with golden deeds of all kinds. He said the church had no better member, that it was noted in the practice of his religion, which included approaching of the holy communion table every month, none better applied the teachings of his church in every day life than he.

The pastor said he passed away young in years, but in so comparative short span of life, by his activities and right interpretation of things he had indeed accomplished a great deal. His had been a well spent life.

This is indeed a worth while tribute, and richly merited. Mr. Hayden was well-known in Bay St. Louis as well as along the Coast. He had many business dealings, and so fair and honorable was he in all his transactions that he had not only won the confidence of the business world but the personal esteem of all who knew him.

The grand jury of Hinds county has returned two indictments against Hon. Albert C. Anderson, charging embezzlement of State funds. He was chairman of the commission appointed by the legislature at a former session to have the busts of Jefferson Davis and James Z. George made and place same in statutory hall in the capitol at Washington. He drew the money—\$20,000—and converted same to his personal use. An investigating committee is responsible for bringing to light the embezzlement, but despite the fact that he has made good the amount, the grand jury did the proper thing in returning the indictments. It will be remembered Mr. Anderson was a candidate for governor in the last election.

## LOCAL SIDELIGHTS

### FIRST BALL OF SERIES OF FOUR

The first ball of a series of four to take place during May and June will occur this Saturday night, May 24, at Woodmen Hall, under auspices of the Ladies Woodmen Circle. And since the proceeds of this series of events are to be used for a specific purpose, as announced, it is certain the appeal for funds will be readily met with.

The Ladies W. O. W. Circle is easily one of the most popular of our fraternal organizations, and always ready to contribute to every civic and public charitable cause, as has been proven in the past.

We are advised by the ladies, in charge that every indication for the success of a most enjoyable affair Saturday night of this week is such as to insure success. There will be the usual jazz orchestra in attendance.

### WISNERS GO TO MAYO BROTHERS.

Friends of Mr. and Mrs. J. N. Wisner, who left Bay St. Louis recently for Marlin Springs, Texas, in quest of better health, will learn with concern that the trip to the wells and hot baths was far from the success anticipated. Later they traveled to Houston, where they visited friends, and Mrs. Wisner was forced to be taken to the Methodist Hospital, suffering acutely from arthritis. Sufficiently well to travel, they left Houston a few nights since for Rochester, Minn., where they have gone to the Mayo Brothers Clinic and plan to spend all summer there, if necessary. Both are to go through the clinics for their respective ailments and remain for the treatment.

### FROM THE THOMAS HALE IN EUROPE.

Mr. and Mrs. Thomas Hale, the former of Bay St. Louis, who were recently married in this city, have been traveling Europe. While they are still sojourning on the continent, they have had an interesting and revealing journey. From Vienna, where they remained three weeks, they went down the Danube to Varna, where they are at present, and which is one of the crusading cities built on the Black Sea. En route they stopped at Budapest, Belgrade, Sofia and Bucarest. At Sophia they saw King Boris. Later they go by boat to Constantinople, then by train over Serbia and Albania to Italy, planning to remain there a while and, of course a long stay is scheduled at Paris, France. Friends of the Hale family will learn of this delightful European trip with more than ordinary interest, and since it concerns such delightful and charming folk.

### COMMENCEMENT AT BAY CITY SCHOOLS.

This is the season of school commencement exercises and Bay St. Louis is well represented in the ranks of towns and cities where excellent schools abound and outstanding programs are awaiting set dates. Bay St. Louis is not only known as a "city of homes," but equally as well as an educational center, both distinctions of which we are justly proud. Dates for our three major institutions holding commencement exercises are here given, in chronological order: Bay High School, Saturday, May 30; St. Joseph's Academy, Saturday, June 7; St. Stanislaus College, Sunday, June 8.

These three institutions will turn out to graduates as follows: Bay High, 22; St. Joseph's, 10; St. Stanislaus, 38.

### HARDSURFACING WORK FOR WAVELAND ROADS.

Emilio Cue, local member Board of Supervisors, announces his board has agreed on important public road work for Waveland, which will include hardsurfacing the approach of every side street intersecting the beach boulevard. This will be done as a protection from water and other possible erosion and make these road approaches, generally inclined, permanent in position and for wear. In addition to this Coleman avenue will be hardsurfaced from the beach back to a point near or at the town hall. This strip will cover a width of about 24 feet.

Mr. Cue stated this will not cost the taxpayers an additional cent, but accumulated road funds which have not been requisitioned will be utilized to defray the expense. This work will be started as early as practicable, Mr. Cue stated.

### WAVELAND'S NEW PUBLIC SCHOOL BUILDING.

Waveland's handsome new public school building is receiving the finishing touches and reveals a most substantial and well constructed structure, with class rooms and an auditorium that will seat many. The building now only awaits furniture equipment which will be in place and the school ready for opening this fall. A bond issue of \$12,000, to extend over a period of twelve years will be one of the necessities, one of the bonds \$1,000 and interest, which was recently liquidated. The building is located in Coleman avenue, near R. R. avenue, on a spacious plot which was purchased some time back for a consideration of \$3500. Waveland's municipal improvement has been rapid and substantial and Mayor George M. Hestley and his associates have right to feel gratified at the success of their endeavors.

### REPAIR BRIDGE AT PASS CHRISTIAN ISLES.

Motorists over to Pass Christian and back are singing the praises of Supervisor Emilio J. Adams, Sr., of that town in Harrison county, for the building of approaches to a high bridge over one of the canals at Pass Christian Lake subdivision, and which is part of the Old Spanish Trail highway. The particular roadway has often been dubbed the "Rocky road" to Dublin "Hell's Levee" and other ominous terms, seemingly justifying the need for the bridge.

### CLERMONT INN AT CLERMONT HARBOR TO OPEN MAY 31

Opening to Be Marked By Dance at Harbor Inn Casino—Dinner Served to Dancers

Harbor Inn, well-known summer hotel at Clermont Harbor, below the Waveland line, has been leased this year to Mrs. H. A. McClellan, who will re-open the hotel and Casino on Saturday, May 31st.

There will be a dance at the Casino that evening and a special dinner will be served at the hotel not only for resident guests but for all who may wish to attend the dance later.

Mrs. McClellan is well-known in New Orleans and along the Coast, a lady of experience and the hotel bids to be popular this season.

### "COUSIN GENE" FINE PLAY AS PRESENTED BY S. S. STUDENTS

It has been authoritatively stated that comedy was the most difficult role to play on the stage, part all too exacting. Overdone it becomes ridiculous, not up to the requirement it falls. "Cousin Gene," a comedy in three acts, was excellently presented Sunday night by members of the Dramatic Club of St. Stanislaus College. How well each and everyone acted his part is best known to those who attended.

Anthony Glover, Cousin Gene, who masqueraded as the cousin in feminine role, was original and true to the part, while Gus Soniat as Frank Stewart, and Stanley Reyes as Frank Stewart, Sr., were easily outstanding characters in their respective portrayal. Richard O'Leary, too, came in for special credit. Others noted for their splendid work were Lee Petrich, William Wolf, A. J. Benedetto, Marcel Guenot, Welden Dalton, Dominic Genard, Wilson Genard.

The story is that of a number of Harvard graduates who vow on their day of departure to join the Bachelors' Club and to forever eschew all matrimonial intent. They finally fall hard for the wives of Cousin Gene, a male friend of the Stewart family, disguised as a young lady. The situations were comical. And by no means, not least of which, was the splendid rendition by Stanislaus Orchestra, led by Bro. Edward. In fact we have never heard the college orchestra to better advantage.

In all it was a splendid entertainment and the community feels indebted to those of the college responsible for its presentation.

### SO WE'VE NOTICED

In grandma's day the girl's skirts covered her insteps. Today they barely cover her step-ins.

fied by the almost impassable condition of a piece of road that has been allowed to remain this way for a long time. However, we will not censure Supervisor Adams for his apparent indifference but rather praise him for the splendid and permanent work that has been accomplished. We now call the roadway "Motorist's Delight." Thanks to E. J.

### LT. GOVERNOR ADAM ON THE COAST.

Lt.-Gov. Bidwell Adam spent the week-end at his home across Bay St. Louis and looks none the worse for the ordeal. He has been going through the past few months. He has well sustained his position and no man in the high office has acquitted himself with such credit and satisfaction to the many. He is a level-headed young man, free from the guile which generally beset the politician. General and always considerate for the other fellow, at all times, he has won the plaudits of his fellowmen throughout the commonwealth.

## STANISLAUS COLLEGE ECHOES

Cousin Gene, a three act comedy was held in the St. Stanislaus College auditorium, Sunday night.

Cousin Gene was an immense success, and its profits contributed a large sum to the fund for the benefit of sending Socialists delegates to the National Socialism convention held in Chicago in the latter part of June.

Cousin Gene was the second play of its kind, acted by the students of the College and directed by Rev. Bro. Edmund, to be held here this year. "The Bells of Shantown," a three act comedy drama was given during the first semester.

The St. Stanislaus Concert orchestra, which played several selections during the play, received much applause at the close of the "King Lear" overture. They received so much applause that Director Brother Oliver was forced to put on another number before the curtain rose, for the play.

Beginning your pardon Walter Mitchell, but Gerald Greyson's autobiography will read this: "At the age of seven I started to draw aeroplanes and have been doing so ever since." It is rumored that the young man will middle-leave it on June 2, 1930.

May 22 is annual sunburn and blister day for the Socialists. Most likely it will rain on May 22. After all, St. Stanislaus is a college, not a beach.

Genard was only acting natural last Sabbath night. Patrick didn't have to pretend either. Anybody used a bullet? Can't understand why Genard and Arthur didn't get an offer. Tug's clever impersonation was the fruit of many years of practical experience. "Safest" most of the actors didn't need to be coached. Must be a gift. Debating teams from delictes 11. A. last half or the ninth. Biloxi used four pitchers. Every one seemed alike to the Rocks. A bit more headwork on the part of the Stanislaus base runners would have produced a better score. We had 13 stranded on the bases. We had 13 stranded on the bases. We had 13 stranded on the bases.

Both teams used fourteen players, including two pinch hitters for Stanislaus, Gremillion singled and Tel-hard drew a pass.

We Wonder—  
How Pat lost five bucks?  
How red got a show ticket?  
Why Willie has some one else's name on his books?  
Why Charlie has more time for study?  
Who was blushing Sunday night?  
What made Willie so poetic?  
Why Dufaut enjoyed the play?  
Why Dufaut is called Hally?  
Why Vailon is called Stinker?  
Why Whaley's lips are out of proportion?  
Why Tug's Glover was looking for a tree to cut prominent initials?

The student body extend their heartfelt grief to Bernard Hayden. Our sympathies also to his mother and sister.

Sunday Mr. Norman gave his first lesson in swimming to the boys of the little study hall. The little fellows are quick to learn the strokes and we feel sure that before June 8th rolls around there will be some additional swimmers among the boys.

Last Saturday evening our track team romped on the Gulfport Tigers in a thrilling dual meet which proved to be a tight contest until the very last event. Had Gulfport taken the first and second places in the mile and 8th rolls around there will be some additional swimmers among the boys.

Our team gained its edge in the 800 yard run, the discus, and the shot put. The most surprising feature of the meet was when we lost the relay race. Under ordinary circumstances we would have won, but we were out of sync. The relay team put we just couldn't get going.

NOTICE OF TRUSTEE'S SALE

STATE OF MISSISSIPPI COUNTY OF HANCOCK

Whereas, I, Edward I. Jones, am the Substituted Trustee, under the authority conferred upon me in a substitution of trustee made by Stafford, Derbes and Roy, Inc., recorded in Book 25, pages 582-583 of the Records of Mortgages and Deeds of Trust on Land in Hancock County, Mississippi, and under a certain deed of trust made by B. F. McCallister on the 7th day of August, 1928, which deed of trust was given to secure a certain indebtedness to Stafford, Derbes and Roy Inc., evidenced by seven certain promissory notes, and which said deed of trust is recorded in Book No. 25, pages 547-549 thereof, of the Records of Mortgages and Deeds of Trust on Land in Hancock County, Mississippi, and

Whereas the said B. F. McCallister has failed and refused to pay the amount due on one of said notes, which became due on August 7th, 1929, or any part thereof at or since the maturity thereof, and said deed of trust provides that in the event of default in the payment of any one of said notes all of the remaining notes become due and payable, and the holder of said notes having requested the foreclosure of the said deed of trust,

Therefore I will on

MONDAY, JUNE 2ND, 1930,

offer for sale and will sell at public auction for cash to the highest and best bidder at the front door of the County Court House in the City of Bay St. Louis, during legal hours, the following described property situated in Hancock County, Mississippi, and more particularly described and as described in said deed of trust as follows, to-wit:

SW 1/4 of SE 1/4 and SE 1/4 of SW 1/4 (80 acres) and the portion of the SW 1/4 of the SW 1/4 lying east of the highway containing 10.85 acres, more or less, (total 90.85 acres), all in Section 3, Township 7, South, Range 15 West, according to the United States Government Survey thereof.

As witness my signature hereto affixed on the day of the first publication and posting of this notice being the 9th day of May, 1930.

EDWARD I. JONES, Substituted Trustee.

Mr. R. C. KING Tells a Wonderful Story About RAT-SNAP.

# MORE THAN HUNDRED BILLS SIGNED BY GOV. RETURNED TO LEGTURE

**Appropriation For State Institutions Included in Measures  
Approved By Bilbo Monday—Funds For Charity  
Wards In Hospitals Vetoed Because of  
Distribution.**

Appropriations for several major state institutions, including the insane hospital and deaf and blind schools in Jackson, and the general pension bill, were among the more than 100 bills signed and returned Monday by Governor Bilbo to the House and Senate.

He vetoed the bill appropriating approximately \$78,000 for charity wards in private hospitals, and in a message accompanying its return, attributed the veto to unjust distribution of the fund. Several other veto messages were in course of preparation but no announcement was available of their contents.

Governor Bilbo said he had not decided his course on the insane hospital and guaranty certificate bond issues.

## APPROPRIATIONS SIGNED

Among the long list of appropriation bills he signed were general support fund appropriations for the following institutions: Ole Miss, \$437,800; Tuberculosis Sanatorium, \$235,000 per year; Inane Hospital, Jackson, \$500,000 per year; Alcorn A. & M., \$174,100 per biennium; Blind commission, \$15,000 per year; State Agricultural Service Department, \$38,000 per year; A. H. S. and Junior Colleges, \$475,000 with additional \$170,000 for junior colleges; \$25,000 for dairy barn at A. & M.; Confederate pensions, additional \$65,385 for 1930 and total of \$1,250,000 for 1931; Delta State Teachers College, \$102,000 per year; Library Commission, \$10,000 biennium; State Teachers College, Hattiesburg, \$131,000 per year.

## CUT SHERIFFS' SALARIES

Reduction of sheriffs' commissions, provided in a Senate bill which passed the upper body only after a hearty scrap, was also signed today. An appropriation of \$18,700 to reimburse Pearl River, Walthall and Hancock counties for a tick fever built along the Louisiana border to keep ticky Louisiana cattle from infecting farms where eradication campaigns have killed off the Texas fever tick, was also signed.

Among the Senate bills which he signed was that providing that the bond commission issue \$1,000,000 in bonds at any time during the next two years, and if any part of that amount is needed by a deficit that may be caused through the new plan. The bill was advocated by Chairman J. W. George of the ways and means committee in the House, when he explained that the new "nuisance" taxes may not bring in as much as predicted.

Senate bills providing \$145,000 for improvements at the penitentiary and \$37,000 to rebuild burned buildings at Ellisville, also were signed.

## ASSESSORS GET RAISE

Another measure advocated by the joint revenue committee was signed, that changing compensation of assessors. It allows additional help to assessors in several counties, raises the salaries of one and provides for a greater part of the state money being returned to counties to pay the assessors' salaries.

Ellisville State school, \$20,000 per year support fund, and East Mississippi Inane Hospital Meridian, \$215,000 per year, were also among appropriations signed.

The much fought over barber bill, which sets up a board of examiners and requires examination and licensing of barbers, was also signed by the governor.

He also approved the Senate bill limiting counties to levying a six mill general tax, excepting for school and roads purposes.

## SIGNS REWARD BILL

Among other appropriation bills he signed were: \$2,500 reward for train wrecks; Plant Board, \$35,000 for 1930 and \$105,000 for 1931; \$25,000 for Diesel engine at Ellisville State school, to replace power contract; \$6,000 for working boys farm at A. & M.

The eight mill ad valorem levy for the state, which he announced he would sign as one of the unconverted revenue measures, was among the first approved by the governor.

He also signed the House bill requiring all bridges to be at least 16 feet wide and as wide as the crown of the road on all state and county highways.

Mississippi today had two new laws bearing on the industrial future of the State.

## INDUSTRIAL LAWS

Signed by the governor and both House bills, one provides \$150,000 for use of the newly created State Research Commission; the other extends until November 1 the present law providing five-year exemption of ad valorem taxes on new industries.

The Research Commission, to be composed of the governor, attorney general, president of the State Board of Development, and a board of not standing business men, is to make a thorough study of the political, social, economic, industrial, agricultural and all other aspects of the state.

Revision of the tax structure, started at this session, is one of the ultimate aims of the commission's report, as well as reorganization, if necessary, of some of the state departments and of minor political divisions.

The commission is given broad powers to study the entire structure of the state and make a report to the next session.

The \$150,000 is offered provided a similar amount is contributed by business men of the state and approved by the legislature.

## BIG CELEBRATION TO MARK OPENING BI-COUNTY BRIDGE

**Globe's Second Largest  
World War Memorial To  
Be Dedicated in Impres-  
sive Ceremony.**

By Warren Jackson

The mammoth new million dollar Harrison-Jackson county concrete highway bridge, spanning the Bay of Biloxi and connecting the cities of Biloxi and Ocean Springs, will be formally dedicated on Tuesday, June 3, as a World War Memorial to ex-service men of the two counties.

This announcement was made by the arrangements committee following action by the boards of supervisors of Harrison and Jackson counties approving tentative plans, and the receipt of a telegram from G. A. Draper, engineer of the state highway commission, giving assurance that the large causeway would be completed and ready to be opened to traffic on this date.

The decision will be an important feature of the Confederate reunion scheduled to be held on the Mississippi Coast during the week beginning June 3—Jefferson Davis' birthday.

The arrangement committee comprises the original bi-county committee which sponsored the construction of the bridge, organized almost three years ago, through the efforts of the Mississippi Coast Club; a representative from each of the posts of the American Legion of Harrison and Jackson counties, which proposed the designation of the bridge as a World War Memorial, and officers of the Biloxi Chamber of Commerce, which has given its active cooperation in the bridge program.

The initial feature of the dedication will be a joint meeting of the boards of supervisors at the bridge for the official inspection and acceptance of the giant structure.

The United States Marine Band and other famous musical organizations will participate in the dedication program, through the courtesy of the committee in charge of the Confederate Veterans Reunion. The American Legion fife and drum corps of Gulfport and the Boys Band of Biloxi are being invited to take part in the dedication.

Prominent citizens of the State and of the Mississippi Gulf Coast, including Senator Pat Harrison, are invited, as are E. H. Hardy, adjutant of the Biloxi post; Ellis Handy, of Ocean Springs, vice-commander of the Sixth District; Tom Murphy, commander of the Ocean Springs post; William M. Colmer, commander of the Pascagoula post; Luther Maples, commander of the Gulfport post, and Carrol Simon, commander of the post at the U. S. Veterans Hospital.

Leon J. Roy, president, and Anthony V. Ragusa, secretary of the Biloxi Chamber of Commerce, will act for this organization in cooperating in the arrangements.

The personnel of the original bi-county committee which acted as the coordinating factor in harmonizing conflicting influences and in reconciling differences in plans and opinions which for many years the bridge project is: Walter Nixon, supervisor of Beat one, Harrison county; J. K. Lemon (deceased) and his successor, A. P. Moran, supervisor of Beat four, Jackson county; John J. Kennedy, mayor of Biloxi; A. J. Catchot, mayor of Ocean Springs; John Edwards, Ocean Springs, secretary of the Mississippi Coast Club and former president of the Ocean Springs Rotary Club; E. C. Tonsmeire, representative of the Biloxi Chamber of Commerce; E. W. Edwards, former president of the Gulfport Chamber of Commerce; W. F. Swan, president, and Warren Jackson, managing director of the Mississippi Coast Club.

## BAY OF C. DINED N. O. GOOD WILL DEL- EGATES THURSDAY

**Western Hotel Scene of Din-  
ner Entertainment of Busi-  
ness Men From New Orleans.**

Meeting a delegation comprising members of a good-will tour of business men from New Orleans, sponsored by the Association of Commerce, of that city, members of the Bay St. Louis Chamber of Commerce Executive Committee, including Mayor Charles Traub Sr., President Geo. R. Rea, Vice President Leo W. Seal, Chas. G. Moreau and Commissioner S. J. Ladner, of the city, helped entertain some twenty-odd business men.

Dinner was served at the Hotel Western at 8 o'clock Thursday evening, over which function George R. Rea presided. Mayor Traub delivered the address of welcome, after which Mr. Rea introduced each of the Bay St. Louis representatives at table.

An unusually fine fish dinner was served and it was evident the delegates regaled the meal. The party left New Orleans in specialty-chartered bus Tuesday morning, spending that night at Tylertown and the second night at Gulfport, spending Thursday along the coast line as far as Moss Point. The visit to Bay St. Louis finished a three-day good-will tour and it is needless to say the delegates were loud in their praise of the Gulf Coast and a theme of the talks during the dinner was short-cut route to New Orleans.

Walter Coquille, well-known author of the Mayor of Pom Pom stories was among the party and delivered one of his inimitable addresses on the subject of the crawfish and the bayou section of Louisiana. Mayor Pom Pom was seemingly at his best. Wherever he appeared making a hit, and it was reported he was the one big attraction of the tour.

## SPECIAL NOVENA TO BEGIN JUNE 3 AT LOCAL CHURCH

Special Devotion to "Our Lady of Perpetual Help" Announced by Pastor

The devotion dedicated to holy mother of God, under title of "Our Lady of Perpetual Help," has gained such favor and numerous requests have reached Rev. A. J. Gmelch, pastor of the church of Our Lady of the Gulf, that he announces this devotion for the parish of his church.

Considering the matter for some time he decided to inaugurate a novena the date for which is announced for Tuesday, June 3, and will continue each successive Tuesday until further notice.

On each and every Tuesday, at the morning masses, a special prayer in honor of Our Lady of Perpetual Help will be offered; than at 7:30 o'clock each Tuesday evening the regular novena devotion will be held.

The Purpose of the Devotion is—1st. To Serve and Honor the Queen of Heaven under the title of Our Lady of Perpetual Help and to try to get others to do likewise.

2nd. "To secure for one's self and others the grace of final perseverance."

3. To have recourse to Our Lady of Perpetual Help in all our Spiritual necessities; and also in our Temporal difficulties.

Remember these facts—The novena will be in honor of Our Lady of Perpetual Help.

Time—Starting Tuesday, June 3rd, 1930. Prayer at each mass, and Novena Proper at 7:30 each Tuesday evening.

Place—The Parish Church, Our Lady of the Gulf.

## STRAY KITTEN TRAVELS FROM BIRMINGHAM TO BROADWAY, N. Y.

Feline Trump Rides Rails of L. & N.—Pullman Conductor Has Unusual Story

One evening recently the pullman conductor on L. & N. passenger train No. 8, noticed a kitten on the station platform at Birmingham, Ala., just before the train departed.

The morning the porter on the New York car heard a kitten meowing but couldn't locate it, so when No. 8 stopped at Bowling Green, Ky., the porter made an out-of-investigation and found the owner of the meow perched on a truck under his car. The Pullman conductor identified it as the one he had seen at Birmingham.

Upon ascertaining that the feline passenger had no ticket Joe Brown, the train conductor, advised the kitten to stay in Bowling Green.

Some hours later, as No. 8 approached Louisville, the plaintive meowing was again heard, and a section investigator by the porter of the New York car revealed the same kitten on the same perch.

Th L. & N. Employees' Magazine for May ventured the opinion that Tabby had her heart set on seeing the white lights of Broadway and was not to be deterred.

## ADAM DOING WELL

The manner in which Lieutenant Governor Adam conducted himself officially during the debate in the Mississippi Senate over adoption of impeachment-trial rules, and during the argument over the Franklin motions to quash the impeachment, won for the Lieutenant-Governor the respect of many who had been skeptical of his parliamentary capacity and his ability to rule without partisanship.

He was in doubt several times on important points. But he did not make the mistake of ruling hastily. He admitted his doubt and reserved decision until he could clarify it. That was wise.

Mr. Adam also was vigilant and effective in preserving order and amenities. The galleries gave him less trouble than members of the court. He had to resort to threats and to sarcasm but succeeded better than many expected. Genial and easygoing, as well as youthful in his office, when the cotermination into his voice, and emphasis into his gavel.

We congratulate him.—New Orleans Item, 16th.

UNUSUAL LILY GROUP

George Heitzman, residing in Hancock street, sends The Echo one stem of Easter lilies containing seven distinct and beautiful blooms, not only a sight of beauty but of the unusual. He has a most interesting garden and is cultivating dahlias and chrysanthemums on a big scale. He has twenty-seven varieties of "mums," many of dahlias and quite a collection of gladioli.

MOBILE GIRL MAKES GOOD IN ROLE OF GRAND OPERA STAR

A Mobile, Ala., girl, Cettie Sherman (Mrs. Charles Hedley), a star of the American Opera Company, began her singing career at the age of two when she became a member of the children's choir at the Cathedral of the Immaculate Conception at Mobile. At the age of sixteen the singular beauty and quality of her voice became apparent, and after four years' study at the New England Conservatory of Music she was ready for her operatic debut. Her performance of Cho-Cho-San in the Puccini opera, Madame Butterfly, has met with wide acclaim.

Miss Sherman is the daughter of Frank Sherman, an actor-instructor at the A. & N. Y. Theatre. Her father has served the L. & N. for 45 years and is well known throughout the South.

## PROCLAMATION

Whereas, Friday, May 30 is National Declaration Day, and an occasion calling forth the deepest respect for the memory of the heroic departed soldiers, and the utmost admiration for their valor, and

Whereas, Clement R. Bontemps Post, American Legion, Hancock County, will fittingly observe the day with an appropriate program at the A. & G. Theater, 3 o'clock P. M., preceded by a parade, and

Whereas, it behooves all of our citizens to close their places of business during the time of parade and ceremony, not only as a further mark of respect, but also in order employees and others may have time to attend,

Therefore, I, Charles Traub, Sr., Mayor of the City of Bay St. Louis, do hereby proclaim FRIDAY AFTERNOON, May 30, 1930, a half holiday.

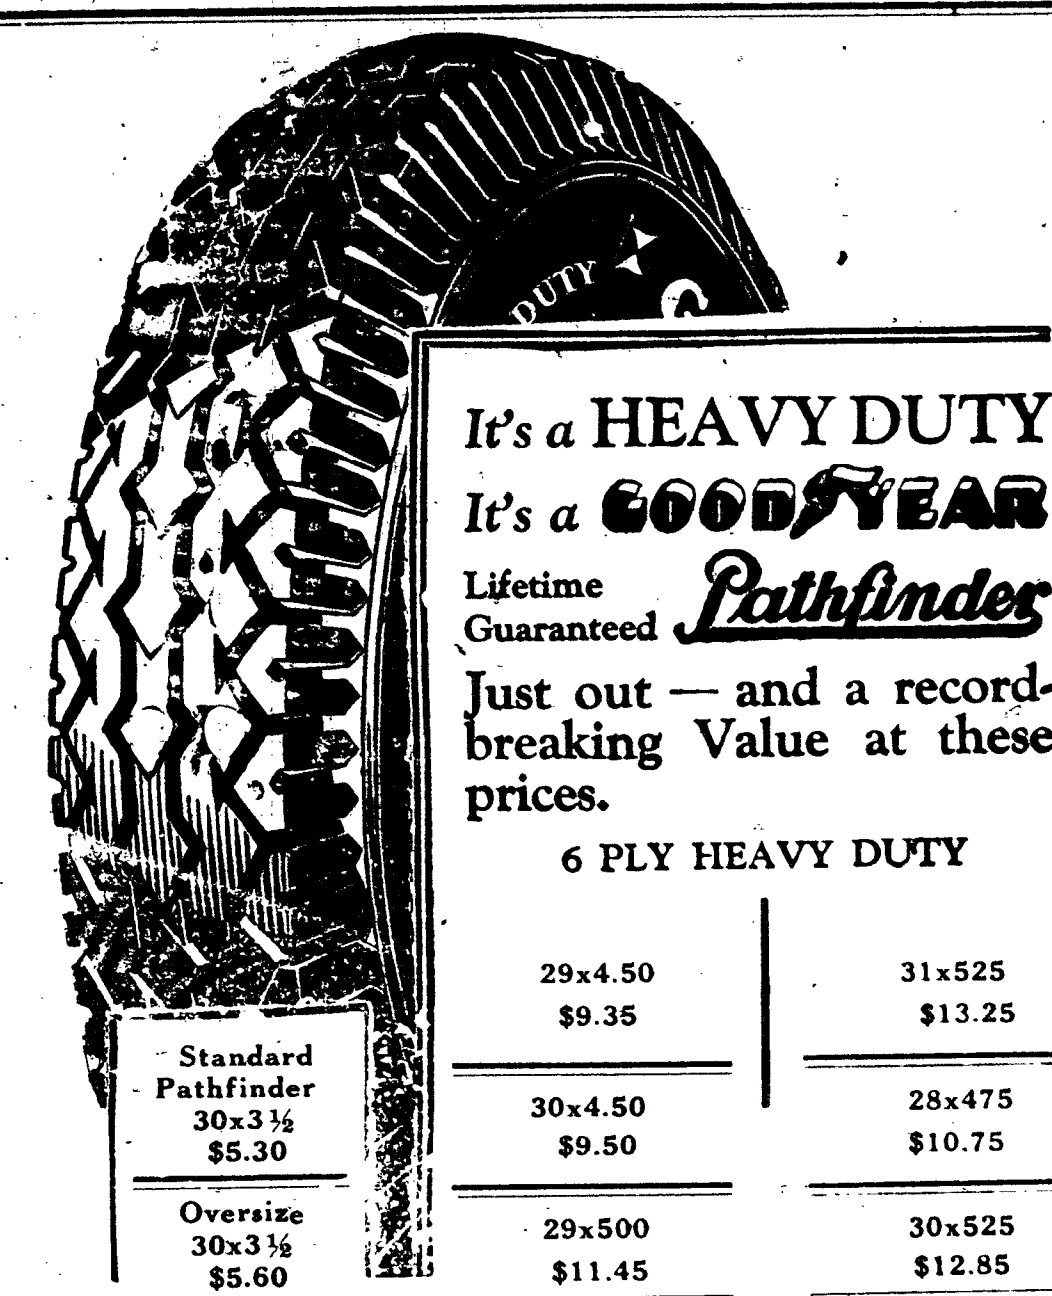

Officially signed and done at the City Hall, this 20th day of May, 1930.

CHAS. TRAUB, SR., Mayor.

## OUR NEW GEOGRAPHY CHANGES BOUNDARY LINES

"Memphis, Tennessee, is one of the great lumber markets of the country, and New Orleans, Shreveport, and Gulfport in Louisiana are lumber centers." (New Elementary Geography, page 144.)

For many years there has been a well-defined impression among the people along the Mississippi coast that the L. & N. railroad crosses the southern boundary of Mississippi.

These good citizens have believed that the territory south of the L. & N. railroad was a sort of free, independent and sovereign state allied by a sort of Kellogg pact with Louisiana.

This opinion, while well defined and often expressed both in conversation and conduct, has never before found official expression in print.

The quotation above is taken from the new Elementary Geography adopted by the scholarly Text book Commission of Mississippi for use in all of the public schools of the state.

Just why the commission felt called upon to select an elementary geography that eliminates from Mississippi our famed playground, and one of our most prosperous and attractive centers of industrial growth and development is a matter of very great concern.

At first blush we were disposed to believe that this shifting of Mississippi's boundary line was nothing more or less than the sinister influence of a large and prosperous bootlegging interest that has established itself along the Mississippi coast, but when we recall the scholarly personell of the recent Textbook Commission and when we remember the personal devotion of all members of this Commission to the cause of prohibition, we are forced to reject the suggestion that this shift in our southern boundary line was made in order that a limited few might dodge the watchful eye of
